**ORGANISERS REMARKS**

The organisers would like to thank the wonderful support we have received from the large group of former and current students who have helped us run this tournament. We also need to thank the staff at Cardiff Sports Training Village for their support and efforts on the field party. We have been generous with the final results giving archers the score they have shot rather than the total that has been signed for, can we remind archers to be more careful in the future in checking their addition.
